

AirSculpt® Technologies, Inc. Announces Opening of Its New Center in Birmingham, MI

October 1, 2024

MIAMI BEACH, Fla., Oct. 1, 2024 /PRNewswire/ -- AirSculpt® Technologies, Inc., ("AirSculpt") (NASDAQ: AIRS) an industry leader and provider of premium body contouring procedures, today announced the opening of its Birmingham office at 555 S. Old Woodward Avenue Suite 500, Birmingham, MI 48009, increasing its center count to 31 locations.

The center has been artfully designed and is complete with two operating rooms allowing for concurrent procedures. Also, the company's popular AirSculpt®+ skin tightening procedure has been brought to the clinic's list of offerings.

"We are excited to introduce AirSculpt and our exclusive technology to Birmingham," said Dennis Dean, Interim Chief Executive Officer at AirSculpt® Technologies. "The stunning new clinic is ideally situated on the main strip, surrounded by upscale retail shops. Additionally, we are offering AirSculpt+ skin tightening which has delivered fantastic results for so many of our patients, so we are excited to bring this offering to Birmingham."

[AirSculpt®+](#) is an additive procedure to AirSculpt® fat removal that offers an additional skin tightening effect. Patients first target any area containing excess fat with AirSculpt®, then have that same area treated with Renuvion® that tightens skin and improves laxity. This advanced, minimally invasive treatment combines helium gas and radiofrequency energy to create a plasma specially equipped to correct sagging skin and restore a youthful and natural appearance.

The Birmingham center is located at 555 S Old Woodward Avenue Suite 500, Birmingham, MI 48009.

Since 2012 more than 60,000 AirSculpt® cases have been performed in AirSculpt's® premium locations throughout the U.S., Canada, and the United Kingdom. For additional information on AirSculpt®, the new Birmingham location or for information about scheduling a virtual or in-person consultation at any of the 31 centers, visit [airsculpt.com](https://www.airsculpt.com).

About AirSculpt®

AirSculpt® is a next-generation body contouring treatment designed to optimize both comfort and precision, available exclusively at AirSculpt® offices. The minimally invasive procedure removes fat and tightens skin, while sculpting targeted areas of the body, allowing for quick healing with minimal bruising, tighter skin, and precise results.
